

FluoMini Optical Q - CF- Seed - sensor Specifications (PC version)

Measuring range	4 decades	Connectivity	USB, M5 4-pole male
Temperature range	0 to + 50 °C	Output signal	USB serial interface port
Detection limit	5 ppb	Dimensions (mm)	L 103 * W 57.5 * H 22
Response time (T90)	< 2 seconds	Weight	131 g
Calibration	1 point spectrophotometric	Housing material	Aluminium, with ABS covers
		Protection class	IP54
